

International symposium "Molecular Movies; to be continued"

Our network program "Molecular Movies" is to widen the scope of dynamic crystallography at SACLA and to creating proteins and small molecules with additional or new functions using various methodologies. This symposium is designed to review the progress of our program over the past five years and to discuss future directions in this field with international experts.

【Date】 November 30 (Thr) and December 1 (Fri), 2023

【Venue】 Awaji Yumebutai International Conference Center (hybrid format using Zoom)

【Information/registration】 Symposium HP (https://cscenter.co.jp/mol_movie_2023/).

Registration deadline: October 22, 2023.

Speakers

Structural biology and instrumentation

Dr. Valérie Panneels (Paul Scherrer Institute)

Dr. Takeshi Murakawa (Osaka Medical and
Pharmaceutical Univ.)

Prof. Yoshitaka Bessho (Univ. of Tokyo)

Chemical biology

Prof. Jiangyun Wang (Chinese Academy of
Science)

Prof. Christopher J. Schofield (Univ. of Oxford)

Prof. Shigeki Kiyonaka (Nagoya Univ.)

Computational science

Prof. Ana-Nicoleta Bondar (Univ. of Bucharest)

Prof. Gerhard Hummer (Max Planck Institute of
Biophysics)

Dr. Osamu Miyashita (Riken)
